

DMR Association Interoperability Certificate
Document **10017**
www.dmrassociation.org

Note to readers: This DMR Association Interoperability Certificate documents that the Selex ES product as detailed in Table A below:

TABLE A: DMR Equipment Tested		
Manufacturer	SELEX ES	
Model	ECOS-D RGW4000	
Firmware	ID	Version
	ECOS-D RBS 4000	1.0.3.0

has successfully passed the DMR Association Tier II mandatory interoperability tests outlined in the DMR Association test specification document: Interoperability Testing for DMR Tier 2 Systems Mandatory Features, V1.03, November 2011 and Interoperability Testing for DMR Tier 2 Optional features, V1.03, October 2011 with the Aselsan AS products referenced in Table B below.

TABLE B: DMR Equipment Tested		
Manufacturer	Aselsan AS.	
Model	DMR 4715	
Firmware	ID	Version
	DMR / DRV	2.11.2786 / 1.01.1839

The DMR Association hereby declares that the product in Table A when tested with the product in Table B passed interoperability test cases as set out in the attached summary test report document: 2013-002 IOP Tier 2 Selex-Aselsan Test Summary.

The DMR Association hereby declares that the testing took place according to the procedures and in a laboratory meeting the criteria set out in the DMR Association document: *Interoperability Laboratory Recognition Process and Test Session Procedures, V1.03, October 2012.*

All products belonging to the same model classes, meaning equipment that Selex ES and Aselsan AS. have determined, through engineering analysis or internal functional testing, to be functionally equivalent to the products in Table A and Table B, may be declared interoperable by Selex ES and Aselsan AS.

Issue Date: **16th September 2013**

Chairman of the DMR Association Technical Working Group:

LIABILITY DISCLAIMER

The DMR Association declares that the IOP validation process has been carried out with the best possible endeavor in order to ensure the most reliable results. Nevertheless, the DMR Association takes no responsibility for, and shall have no liability as a result of damages, losses, or injuries of any kind that may be caused by non-conformance* of products that are awarded a DMR Interoperability Certificate.

Individual manufacturers are responsible for ensuring that the behavior of any equipment for which conformance is claimed is identical to that of the equipment that passed the DMR Association interoperability certification process.
